Extreme Weather

Have we been noticing the extreme conditions throughout the world? Here in North America we have experienced over 100 record, low temperatures for daytime highs in the Central and Eastern parts of the continent. And out in the Northwest, we have been experiencing record, high temperatures of 104 -107 degrees where the temperatures are normally 75 -77 degrees for daytime highs during the summer months.

With these abnormal temperatures has come the corresponding excessive rain in the East and drought in the West. What is happening to our weather? Why do we have these extremes?

All these events have been prophesied for our time. **God is trying to get our attention!** Extreme weather is one of the trumpet plagues sent by God to get us to notice the Day of the Lord. However, most of us are far too involved in our personal game of trivial pursuits to notice God's hand in the affairs of men. God wants us to take notice of where we are in relationship to Him.

So, as you contemplate the conditions of the weather where you live, also take time to consider your closeness with God and what needs to be done to improve it.

In these lazy, hazy days of summer is a good time to analyze your life and ask God to guide you into a closer relationship with Him. Now is the time to, “Trust in the LORD with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and He shall direct thy paths” (Prov. 3:5-6).

Announcements

If you would like to learn more about the seven trumpet plagues God is sending to get your attention and have not yet downloaded from our website your free copy of [The Day of the Lord, Understanding the Book of Revelation](#), please do so. A word of caution, it is a book and will require eighty-two pages to print. Also, please read our new articles [Law and Faith, Not Law versus Grace](#), and [The Cost of Discipleship](#).

We hope you will be encouraged and strengthened as you reach for a closer connection with God. May God bless you as you desire to do His will.
